

A photograph of the Sky Armory building at night, featuring a large glass facade and a prominent "SKY ARMORY" sign illuminated in blue. The building is set against a dark sky, and the interior lights are visible through the windows. The image is partially obscured by a white geometric shape that serves as a background for the text.

OPENING SUMMER 2019

We are Nicole and Kevin Samolis, owners of SKY Armory. We live in downtown Syracuse, and, just like you, have busy lives where meal prep is last on our minds... until the 'hangry' happens. Then it's the decision of eat-in or take-out, which gets expensive and adds more calories than our waistlines need when done on a daily basis. So, we've decided it would be a good idea to create a place where people who live and work downtown could easily stop in to pick up freshly prepared foods made from scratch that they could take home and put on the table in minutes, without the wait and prices of a restaurant.

The idea of Epicuse was born.

A FRESH, LOCAL, MADE-FROM-SCRATCH
MARKET & CAFE

We invite you to come explore the many flavors of Epicuse!
